Re: RoHS 3 Conformity to Directive UE 2015/863/EU.

To whom it may concern:

Die-Tech Tool & Design products do not contain the following hazardous substances within RoHS guidelines as outlined in the directive annex:

- 1) Lead (Exemptions: 6c)
- 2) Cadmium
- 3) Mercury
- 4) Hexavalent Chromium
- 5) Polybrominated Biphenyls
- 6) Polybrominated Diphenylethers

Our products do not contain Deca-BDE.

Remarks:

Lead - as alloying element of copper alloys, enclosure to Directive 2011/65/EC allows use up to 4%. When using Alloy C3600 Free Cutting Brass (UNS C3600), our suppliers have declared that based on the strength and technological tests it was concluded that the material has been made in accordance with the terms of the contract and RoHS III Directive no. UE 2015/863/EU.

This statement is based on information obtained from our suppliers.

Randy Brown,
President, Die-Tech Tool & Design
